Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Thursday 30 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A wet day with strong winds.

Today:
Initially dry for most, a band of rain, with locally heavy showers, passing eastwards through the region starting to clear by mid-afternoon. Cloud lingering, with some strong winds along coastal locations. Maximum temperature 17 deg C (63 deg F).

Tonight:
Starting mostly dry but cloudy. A band of rain, heavy at times, reaching the north coast in the early hours and moving eastwards. Windy, with the risk of coastal gales. Minimum temperature 13 deg C (55 deg F).

Friday:
A rain band clearing to the east of the region by midmorning, leaving scattered showers through the day, but dry for most with long sunny spells. Blustery along the coasts. Maximum temperature 17 deg C (63 deg F).

Outlook for Saturday to Monday:
An unsettled weekend, with showers or longer spells of rain, and strong winds and potential coastal gales. Winds easing slightly by Monday, with sunny spells and showers.
